Paradise welcomes summer with a fresh new salad

We've tossed strawberries, blueberries, pineapple and mandarin oranges with crisp romaine lettuce, toasted pecans and fat-free poppyseed dressing to create our very special Summer Berry Salad. Available for three months, the salad is a refreshing summer treat. With only 236 calories for a large size and 142 calories for a small size, it's healthy too. The Summer Berry Salad was introduced in Paradise Bakery & Café stores across the country this month.

Now nutritional info is just a click away

Want to know how many calories are in the Albacore Tuna Salad or the Chicken Walnut Sandwich? We've got it covered. We're happy to announce that we will be posting nutritional information on our breakfast, sandwich and salad entrees on our website menu by the end of May. We'll add complete nutritional information about our baked goods and coffee drinks in the fall. Visit paradisebakery.com for more information.

Paradise celebrates National Chocolate Chip Day

May 15th is National Chocolate Chip Day. Who better to celebrate than Paradise Bakery & Café?

After all, we serve more than 900 million chocolate chips per year!

Want to celebrate with us? Guess how many chocolate chips are in the GIANT COOKIE displayed in any of our stores & you could win lunch for 2.

Did you know? If you laid the chocolate chips we serve every year side by side you would travel 6,090 miles. ...this is about the same distance you would travel to stop at a Paradise Bakery in Washington, Oregon, California, Arizona, Texas, Utah, Colorado, Nebraska, Indiana and Massachusetts.

Welcome Hamilton Towne Center!

Congratulations to Steve Schoo and his team in Noblesville, Indiana which opened a beautiful new store April 14. Steve and his wonderful crew set record sales on their opening weekend. The Hamilton Towne Center is the sixth Paradise Bakery & Café to open in Indiana. This latest location is a terrific addition to the Paradise family.

On the road? Need a break? Our free Wi-Fi lets you stay connected.
